Les is an experienced adjuster, claims manager, third party administrator and auditor. He has extensive knowledge of the London Market and excess & surplus lines national and regional accounts. His experience includes restaurants, nightclubs, gaming, resorts, hotels/motels, communication/broadcasting, fraternity, sports management and multi-unit real estate programs.

Les is a leader in developing cyber liability programs. He has served as the Olympic Host Broadcaster Executive General Adjuster / Risk Manager for multiple games as well as other major international sporting events. By designing specific audit models and claims review systems, Les is a leader in designing, launching and managing nationwide programs from vision to market. He is also experienced in program development, policy development, actuarial data analysis, market analysis, risk control and the development of claims systems.

Les is now the Chief Operating Officer, National Liability Manager and Program Development Manager for Synergy.
